Mr. John Chen
Waste Management Division
U. S. Environmental Protection Agency
Region VII
726 Minnesota Avenue
Kansas City, Kansas 66101

SUBJECT: Administrative Order on Consent
Docket #88-F-0012

Dear Mr. Chen,

As you are aware, Lafser & Schreiber, Inc. has been contracted by the City of St. Louis to perform clean-up services for the Midcoast Aviation site project. Enclosed is the schedule of activities for the first week. Since the city is requesting that we perform this project in a timely manner, I would like to request your assistance in commenting on the proposed geophysical survey and site work plans. If at all possible, we would like to begin the control survey later this week in preparation of the actual magnetic survey next week. We would also like to invite you to the site to review details of this clean-up project should you feel it appropriate.

I will give you a call on Wednesday to discuss your requirements for the project and the project schedule. Please call if you have any questions.

Sincerely,

Gregory G. Haug
Vice President
Lafser & Schreiber, Inc.
